3. As regards the arrangements to be made for ensuring the levy of the tax on the firewood and Charcoal carts entering the Town of Chittagong, I am utilizing the services of the present Municipal Establishment who have stations at all the principal roads in the town and an additional Guard might, if found necessary, be after wards appointed. If the Octroi Office services be utilized I think that at least half of the tax on firewood brought into the Chittagong town might fairly be credited to the Municipal Revenue.

Sir,

With reference to your letter No. 1230/54 of 20th ultimo, I have the honor to state that only 50 p.c. of the Seigniorage on firewood brought into the Municipality of Shimoga is credited to "Forests" under instructions conveyed in para 8 of your letter No. 1563/102 of 4th September 1888, an extract of which together with that of para 3 of my letter No. 389 of 15th May 1886 enclosed for ready reference.

were enforced by Col.

3. With reference to para 2 of his
letter under reply, I beg to point
out that owing to the number
of coffee holdings around the
magazine, the proprietors
whereof are at liberty to import
as much firewood as they
like in the town for their
own use, there is more
firewood brought un-
unlicensed than licensed
Orders have, however, been

the subject.

No 1230–54.

From The Inspector General of Forests and plantations in Mysore.

To. The Deputy Commissioner Kadur.

Dated 20th August 1889.

Sir,

It is observed from the firewood Returns received from your district that only 50 per cent of the Collections is credited to "Forests" and the balance to "Municipality" for remuneration to Municipal servants entrusted with collection duty. This percentage is too high seeing that only 10 per cent is assigned to the Municipality at Mysore for similar work done by Municipal servants there. Chikkamagalur is a much smaller town than Mysore and the percentage allowance should not be larger. A liberal margin will however be provided in exceptional circumstances; but such a margin should not exceed 25 per cent and this I am prepared to assign to your Municipality, which would cover the increase of pay proposed to be given to Municipal servants

for extra work. A readjustment in the accounts may be made accordingly.

2. It is further observed that the number of unlicensed forewood carts is getting larger than the number licensed by the amildars who should be directed to prohibit with the aid of their village agency and prosecute any unauthorized felling under para 2 of Government notification No 113 dated 13th August 1888.

In the favour of the fore-going Dockets read also the Dy Cmrs recommends an increase to the Octroi collection establishment of the Cheekmaglur Municipality costing Rs 264 per annum on the ground that the establishment has been ordered to collect the Seigniorage on firewood & Charcoal carts entering town of Cheekmaglur He adds that the moiety of the receipts of the Seigniorage credited to the Municipality during the last six months ending 30 June 1889 amounted to Rs.

Rs 260, which more than covers the estimated cost proposed.

The Govt observe that there is no distinct order which authorizes the credit to the Municipality of the Seigniorage collections The Dy Com proposed it to the Inspector General of Forests, but the latter officer did not distinctly say whether he approved of the proposal or not. He will be now requested to state his opinion in the matter and the probable cost which he would have to incur if he were to entertain his own establishment without utilizing the services of the municipal establishment Final orders will be issued on the receipt of his reply

Sir,

With reference to Government Proceedings No 5721-2/93 dated 18th ultimo, I have the honor to invite attention to my letter of the 19th September last, No 1586/1613/116, in which I have requested sanction to the assignment to the Chikkamagalur Municipality of 25 per cent of Seigniorage collections made by the Octroi Establishment.

2. An assignment of 10 per cent has been sanctioned in Proceedings Camp No 1461 dated 19th October 1888 to the Mysore Municipality

that town..

Reasons assig.

Docket No 1230/54 dated 20th August, to the Deputy Commissioner, Kadur copy forwarded to you with my letter quoted in para 1, I am willing to assign a higher percentage and for this I have already asked sanction.

3. No Separate Forest Establishment for the collection of Seigniorage in the town of Chikkamagalur is call for or proposed by the Deputy Commissioner and the existing arrangement will answer the purpose. ——

Reading a Docket from the D.T. Comr Kadur District dated 29th July 1889 No 398

Read Letters from the Inspector General of Forests dated 19th September and 7 November 1889 Nos 1886/116 and 2028/147 respectively

Order thereon by 7243-5/105 of 18-12-89/23

The Inspector General of Forests reports that since January last moiety of the Seigniorage, levied on Firewood and Charcoal Carts in the Municipality of Chickmagalur through its Octroi Agency, is being credited to the Municipality, in accordance with the proposal made by the Kadur D.T. Commissr in 1886. Mr Ricketts considers that 50 per cent is too large a percentage and recommends that only 25 per cent be

be allowed

The Government approve of Mr Ricketts' Suggestion and direct that only 25 per cent of the Seigniorage collected be credited to the Municipal funds of Cheetnaghur and the balance credited to the Forest Dept with effect from the date of this order

The increase to the ~~Existing~~ Municipal Octroi Establishment as also the employment of an additional Kolkar, proposed by the D/ Coms ~~amounting to Rs 22 per mensem~~ as noted in the margin ~~amounts to~~ the charge Rs 22 ~~thus~~ Sanctioned, ~~to be~~ met out of the Seigniorage collections.

Order thereon,

As the Octroi Establishment of the Chicklagher Town was directed to collect the Seigniorage on Firewood and Charcoal, in excess to the then existing Establishment and the employment of an additional Halkar costing Rs 22 per mensem were sanctioned in 1889 to be met out of the credits made to the Municipality from the Seigniorage Collections.

The President of the Municipality now reports that the Seigniorage Collections have been stopped in accordance with the Letter from

from the Inspector General of Forests but requests that the increased establishment may be continued as the Octroi income has largely increased and the work connected therewith is heavy.

The Govt: observe that the estimated income from Octroi is Rs 7310, while the sanctioned establishment exclusive of the increased cost sanctioned for the trouble of collecting Seigniorage, is Rs 1128 which bears a heavy percentage of 15.43 on the estimated collections. They are not therefore prepared to sanction the proposal of the Municipal Board to continue the increase.
